The word Balimo™ is derived from a play on words - **B**alance **i**n **M**otion. It is a system of movement and balance training devised by Eckart Meyners, an expert in body mechanics, kinesiology, and sports physiology. Barbara Strawson has trained and competed horses from USDF Training Level through FEI Grand Prix and brings 20 years of experience. Barbara gives attention to rider position, helps the client understand horse and rider body mechanics, both together and as individuals, and brings a thorough understanding of the sport through her own experience at the highest levels.
